To: Parent/Guardians of ECSE & K-2 Resource Special Education students

Dear Parents/Guardians,

The Texas Education Agency requires schools to notify parents if the following circumstance occurs in the classroom:

- When your child has been assigned to a teacher who does not meet the qualifications for highly qualified teacher, or
- When your child has been taught for four consecutive weeks or more by a teacher who does not meet the certification requirements.

We are notifying you that your child's ECSE/Resource teacher, Deborah Wilkinson, does not meet the certification requirements to teach this Early Childhood course even though she is special education certified.

However, Joaquin ISD has a plan under the District of Innovation, which allows a teacher who is not certified in a core subject area, to teach for one year. Mrs. Wilkinson has instructional support throughout the school year to ensure that students receive quality instruction.

My staff and I will closely monitor this class to ensure student achievement. However, if you have additional questions or concerns about your child's educational progress or teacher, you may contact me at the number or email above.

Respectfully,

Sherry Scruggs
